- ✓ Ergonomic, compact design fits workstations with limited space

KSI-1801 SX

DESKTOP HYGIENE KEYBOARD

with Award-Winning LinkSmart Cleaning
Button and San-a-Key® Software

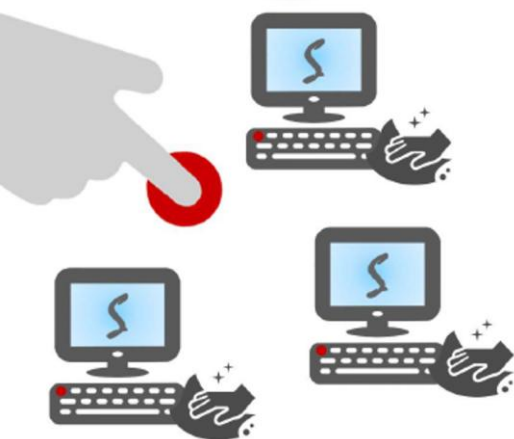

PUSH, WIPE, PROTECT

Proactive Desktop Hygiene – Reduce Cross-Contamination Risk with Consistent Cleaning, Simplified

The LinkSmart cleaning button and San-a-Key® software work together to promote consistent keyboard cleaning through automated reminders and a simple, guided cleaning process. By making regular cleaning easier and more routine, organizations can help reduce cross-contamination at shared workstations, support workplace wellness initiatives, and maintain cleaner, more hygienic environments.

LINKSMART WITH *San-a-Key*®

- A scheduled cleaning reminder appears in the desktop tray
- User presses the LinkSmart cleaning button to initiate a cleaning cycle
- Keys are temporarily locked for cleaning
- A San-a-Key® onscreen keyboard appears to guide user cleaning
- Onscreen keys change from red to black in real time as user wipes each key
- Keyboard returns to normal operation once every key is wiped

A QUICK AND EFFECTIVE DESKTOP HYGIENE SYSTEM

FEATURES & BENEFITS
